PEDAGOGICAL FOCUS: BELONGING, WELL-BEING, NETWORKING

Facilitated By:

**Ginette Blake, Registered Dietitian & Chandany Chan, Program Manager and Chef Instructor:
London Training Centre**

Cooks and Dietary Planners are invited to meet, share ideas, and engage in conversations with fellow professionals. Conversations emerging from this group will be ongoing.

This session will consist of hands-on cooking experiences to explore topics such as allergy substitutions and creating inclusive eating environments for all children, utilizing plant based proteins, and using lost cost frozen ingredients.

Participants will engage in creating and comparing tastes and textures of products made from regular ingredients and then substitute ingredients in group experiences.

Chef Chandany's artistic talents and understanding of local ingredients consistently shines through as the newly appointed Program Manager and Chef Instructor at the London Training Centre, where her focus is on encouraging, educating and building aspiring chefs through their Culinary Pre-Apprenticeship program and 3-week Local Food Skills program.
