

INFO FROM THE SOURCE: CHILD CARE AND EARLY YEARS ACT (CCEYA)

PEDAGOGICAL FOCUS: ENGAGEMENT

Facilitated By:
Ellice Stinson & Diane Butler, Program Advisors at the Ministry of Education

In this one-and-a-half-hour (1.5 hours) virtual session, Ministry of Education Program Advisors will address the top 3 areas of serious occurrences, break down the regulation and contexts, and answer questions (collected ahead of time, by you!) related to the CCEYA and licensing requirements. The Strive team will engage the community through a Google Form to generate questions, and also tap into the community animator engagement work for trending themes and needs in the community.

Have specific questions or topics you want discussed? Fill out the Google Form that's linked on the event page!

*It is important to note that the Program Advisors will not be telling participants what to do or how, but will provide interpretation of the regulations. We will be engaging in collaborative discussions as participants, but the Program Advisors will not be answering program specific questions or examples.
