

# SITE TOUR: STATIONVIEW YMCA CHILD CARE CENTRE

PEDAGOGICAL FOCUS: ENGAGEMENT, BELONGING, NETWORKING

WELCOME

**Facilitated By: Jennifer Barber RECE, Director & YMCA Stationview Team**

Site Tours bring early years professionals together to co-reflect on the powerful role of the environment in our work with young children and families. Site tours take place in early childhood settings across the local system and offer participants the opportunity to step outside of their own centres and organizations for a tour and meaningful dialogue with colleagues. The diverse ways in which our sector observes, reflects, collaborates, and documents our lives with children are highlighted.

You are invited to join us at [YMCA Stationview!](#)

“The centre is brand new, so it is lovely and comfortable. It has a lot of natural light in the spacious rooms from the large windows throughout the centre. It has a very warm and homey feel; some people have said that it feels like a cottage or cabin. I love that everything is new, modern, and up to date. There is a lot of storage which is great, and you don’t often see that in child cares, although it is needed.” – Jennifer Barber, RECE, Director

**WHEN?**

**Thursday, April 25, 2024**

6:30–8:00 PM
